## Linux Agenda

Compare Windows and Linux ✔️

Linux is a kernel or a OS ✔️

What OS are made using Linux ✔️

Windows and Linux File System

Window and Linux me System Configurations kaise dekhe?

Windows aur Linux me File Edit kaise kare?

Linux me Software install karna sikhenge aur fir WebServer dalke starbucks chalaenge mast

Process Management in Windows and Linux

Everything is a File

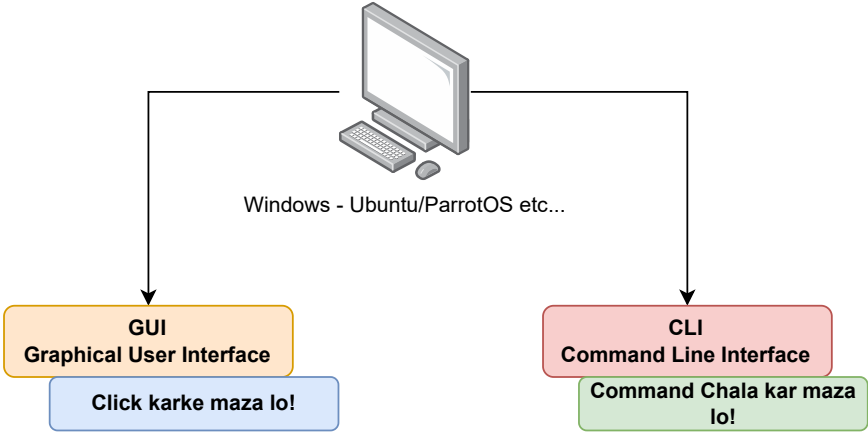

Final Goal - Deploy this application on Nginx - https://github.com/devopsinsiders/starbucks-clone

---

Linux and OS are different

Linux is a kernel...

CPU

RAM

Operating System → **Kernel** / Code → **Device Driver**

Dell Monitor

HP Monitor

DHONDHU PRINTER DRIVER

DHONDHU PRINTER

Kernel Operating System ka heart hai...

Linux Based Operating System

Ubuntu OS

Kali Linux

Parrot OS

Android

Windows

Which User is Logged in ?

Start Button pr click karke dekha...

Present Working Directory

File Explorer me upr dikhta hai.. kaha pr hai hum...

Folder se back kaise jaenge

Back button pr click karke...

Ek computer ko access karne ke do tarike hote hai...

Windows - Ubuntu/ParrotOS etc...

GUI Graphical User Interface

Click karke maza lo!
